

Hot Rolled Stainless Steel Coil For Industrial Applications

Our Product Introduction

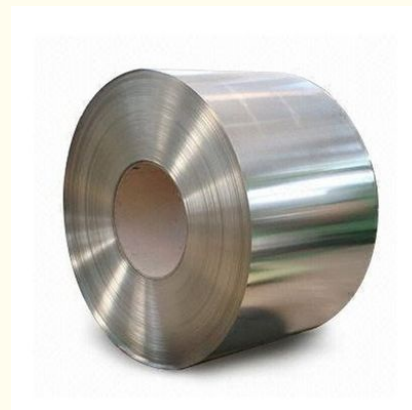

Basic Information

- Place of Origin: China
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Processing: Cold Rolled/Hot Rolled
- Quality: High Quality Inspection
- Hardness: Soft, 1/4 Hard, 1/2 Hard, 3/4 Hard, Full Hard
- Payment Term: 30%T/T Advance + 70% Balance
- Standard: ASTM, AISI, JIS, DIN
- Rolling Width: 15m 20m
- Processing Service: Bending, Decoiling, Punching, Cutting
- Width: 1000mm-2000mm
- Highlight: **Industrial Applications Stainless Steel Coil,
Hot Rolled Stainless Steel Coil,
hot rolled coil For Industrial Applications**

Product Description

Product Description:

The Stainless Steel Sheet Coil is available in both hot rolled and cold rolled variants. The hot rolled stainless steel coil is made by heating the steel material above its recrystallization temperature and then letting it cool. This process results in a product that is stronger and more durable than the cold-rolled variant. The cold-rolled stainless steel coil, on the other hand, is made by rolling the steel material at room temperature. This process results in a smoother and more polished surface finish.

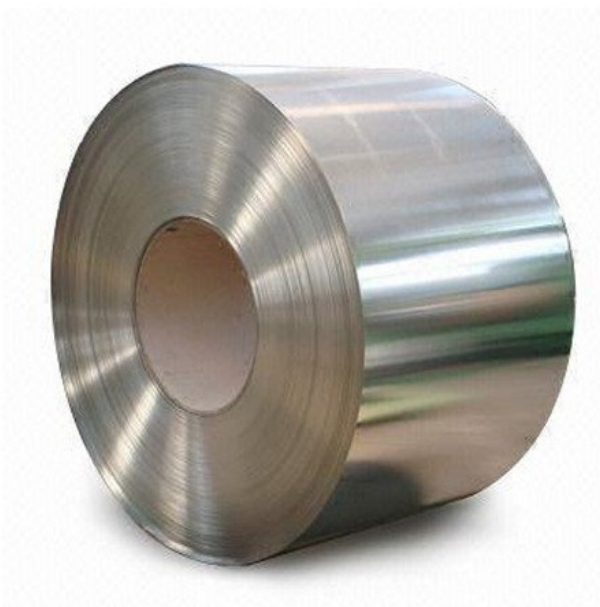

One of the key features of this product is its coil weight. The Stainless Steel Sheet Coil is designed to meet the specific requirements of the clients. The weight of the coil can be customized as per the customer's needs. This makes it an ideal choice for those who are looking for a product that is tailored to their needs.

The Stainless Steel Sheet Coil also comes with a flexible payment term. The clients can pay 30% of the total amount in advance and the remaining 70% can be paid later. This payment term makes it easy for the clients to manage their finances and invest in a high-quality product.

The Rolling Width of the Stainless Steel Sheet Coil is another important feature that makes it a popular choice among clients. The coil is available in two rolling widths: 15m and 20m. This makes it an ideal choice for those who are looking for a product that can be easily customized as per their requirements.

The Stainless Steel Sheet Coil is available in a wide range of widths, ranging from 1000mm to 2000mm. This makes it easy for the clients to choose a product that is suitable for their specific needs. The product is widely used in various applications such as kitchen appliances, automotive parts, construction, and manufacturing.

In conclusion, the Stainless Steel Sheet Coil is a high-quality product that is designed to cater to the diverse needs of the clients. It is available in both hot rolled and cold-rolled variants and comes with a flexible payment term. The coil weight can be customized as per the customer's needs, and it is available in two rolling widths. The product is widely used in various industries and is an ideal choice for those who are looking for a high-quality product that is tailored to their needs.

Features:

Product Name: Stainless Steel Sheet Coil

Rolling Width: 15m, 20m

Hardness: Soft, 1/4 Hard, 1/2 Hard, 3/4 Hard, Full Hard

Payment Term: 30%T/T Advance + 70% Balance

Processing: Cold Rolled/Hot Rolled

Keyword: Hot Rolled Stainless Steel Coil

Available in 316 Stainless Steel Coil and 301 Stainless Steel Coil

High-quality Hot Rolled Stainless Steel Coil

Applications:

Our stainless steel sheet coils are widely used in various applications ranging from household appliances to industrial applications. Here are some product application occasions and scenarios:

1. 304 Stainless Steel Coil

Our 304 stainless steel coil is ideal for applications in the food industry, chemical industry, and medical equipment manufacturing. Its superior corrosion resistance and durability make it ideal for use in harsh environments.

2. Cold Rolled Stainless Steel Coil

Our cold-rolled stainless steel coil is perfect for use in the construction industry, especially for roofing and cladding. The coil's high strength and durability make it suitable for use in harsh weather conditions.

3. 410 Stainless Steel Coil

The 410 stainless steel coil is ideal for use in the manufacturing of cutlery, surgical instruments, and firearms. Its high strength, hardness, and corrosion resistance make it perfect for these applications.

Our products come with standard export sea-worthy packing and have a delivery time of 5-15 days. We accept payment through L/C, T/T, and Western Union. Our products have a supply ability of 15000 tons and come with various hardness options such as soft, 1/4 hard, 1/2 hard, 3/4 hard, and full hard. The rolling width is 15m and 20m, and the coil weight can be customized to meet our customer's requirements. Our products meet the ASTM, AISI, JIS, and DIN standards. Our products have good ductility for molding products.

Customization:

Sheng Quan offers product customization services for their stainless steel sheet coil. The available models are 201/304/304L/316/316L/321/309/310, all of which are made in China and certified with ISO9001:2000. The minimum order quantity for this product is 1 ton and the price ranges from USD1500-USD6000. The packaging details are standard export sea-worthy packing and the delivery time is 5-15 days. Payment terms accepted are L/C, T/T, and Western Union. The supply ability for this product is 15000 tons. The standard for this product is ASTM, AISI, JIS, and DIN. The payment term is 30% T/T advance + 70% balance. Processing services available for this product include bending, decoiling, punching, and cutting. The hardness options are soft, 1/4 hard, 1/2 hard, 3/4 hard, and full hard. The width of the product ranges from 1000mm-2000mm. Color coated steel coil is also available, including the 304 stainless steel coil.

FAQ:

Q1: What is the brand name of the Stainless Steel Sheet Coil?

A1: The brand name of the Stainless Steel Sheet Coil is Sheng Quan.

Q2: What is the minimum order quantity?

A2: The minimum order quantity for the Stainless Steel Sheet Coil is 1 ton.

Q3: What is the price range for the Stainless Steel Sheet Coil?

A3: The price range for the Stainless Steel Sheet Coil is USD1500-USD6000.

Q4: What are the payment terms?

A4: The payment terms for the Stainless Steel Sheet Coil are L/C, T/T, and Western Union.

Q5: What is the supply ability of the Stainless Steel Sheet Coil?

A5: The supply ability of the Stainless Steel Sheet Coil is 15000 tons.

Please note that the Stainless Steel Sheet Coil is available in the following models: 201, 304, 304L, 316, 316L, 321, 309, and 310. It is manufactured in China and is ISO9001:2000 certified. The packaging details include standard export sea-worthy packing, and the delivery time is between 5-15 days.
