

Cold Rolled Stainless Steel Sheets Coils 2B Finish For Hot Rolling Applications

Our Product Introduction

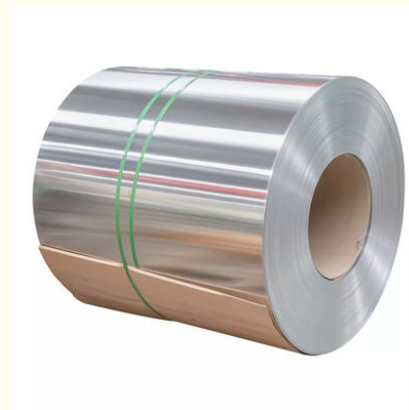

Basic Information

- Place of Origin: China
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Processing: Cold Rolled/Hot Rolled
- Packing: Standard Export Packing Or As Required
- Hardness: Soft, 1/4 Hard, 1/2 Hard, 3/4 Hard, Full Hard
- Length: Customized
- Quality: High Quality Inspection
- Coil Weight: Customer Requirements
- Processing Service: Bending, Decoiling, Punching, Cutting
- Standard: ASTM, AISI, JIS, DIN
- Highlight: **2B Finish Stainless Steel Sheets Coils,
Hot Rolling Stainless Steel Sheets Coils,
Cold Rolled Stainless Steel Sheets Coils**

Product Description

Product Description:

The Stainless Steel Sheet Coil is available in different grades such as 304 Stainless Steel Coil, 410 Stainless Steel Coil, and more. It is made using advanced technology and follows strict quality standards to ensure that the product is of the highest quality. This product is widely used in various industries such as construction, automotive, aerospace, and more.

The 410 Stainless Steel Coil is a high-strength product that is used in applications where strength and durability are essential. This coil is made using high-grade stainless steel material that is heat-treated to increase its strength and durability. It is also corrosion-resistant, making it suitable for use in harsh environments.

The 304 Stainless Steel Coil is a versatile product that is used in various applications. This coil is made using high-quality stainless steel material that is resistant to corrosion and rust. It is also easy to clean and maintain, making it suitable for use in applications where hygiene is essential.

The Stainless Steel Sheet Coil is available in different sizes and specifications, making it suitable for various applications. It is also available in different finishes such as 2B, BA, and No.4, making it suitable for different applications. This product is available in different standards such as ASTM, AISI, JIS, and DIN, making it suitable for use in different countries.

In conclusion, the Stainless Steel Sheet Coil is a high-quality product that is used in various applications. It is made using high-grade stainless steel material, making it durable and long-lasting. This product is available in different grades such as 304 Stainless Steel Coil, 410 Stainless Steel Coil, and more, making it suitable for different applications. It is also available in different standards and finishes, making it suitable for use in different countries and industries.

Features:

Product Name: Stainless Steel Sheet Coil

Physical Properties: Good Ductility For Molding Products

Rolling Width: 15m, 20m

Processing: Cold Rolled/Hot Rolled

Processing Service: Bending, Decoiling, Punching, Cutting

Hardness: Soft, 1/4 Hard, 1/2 Hard, 3/4 Hard, Full Hard

304 Stainless Steel Coil

Hot Rolled Stainless Steel Coil

Cold Rolled Stainless Steel Coil

Applications:

The product is suitable for different occasions and scenarios. For instance, it can be used in the construction industry for making roofing, wall cladding, and interior decoration. The stainless steel sheet coil can also be used in the automotive industry for making car bodies, exhaust systems, and fuel tanks. Moreover, it can be used in the kitchenware industry for making utensils, sinks, and appliances. The

product is also popular in the chemical and pharmaceutical industry for making storage tanks, pipelines, and equipment.

The hot rolled stainless steel coil has a width range of 1000mm to 2000mm, and its hardness can be soft, 1/4 hard, 1/2 hard, 3/4 hard, or full hard, depending on the customer's requirements. The physical properties of the product are excellent, especially its ductility, which makes it suitable for molding products. The supply ability of the product is 15000 tons, which ensures a steady and reliable supply for customers.

For color-coated applications, Sheng Quan also offers a color-coated steel coil that can be used for roofing, wall cladding, and other decorative purposes. The 316 stainless steel coil is another popular product that is widely used in the marine and shipbuilding industry, as well as in the food processing industry.

The payment terms for the product are flexible and include L/C, T/T, and Western Union. The delivery time is between 5 to 15 days, depending on the order quantity and the shipping destination. Overall, Sheng Quan's stainless steel sheet coil is a reliable and versatile product that can meet various needs and requirements in different industries and applications.

Customization:

Model Number: 201/304/304L/316/316L/321/309/310

Place of Origin: China

Certification: ISO9001:2000

Minimum Order Quantity: 1ton

Price: USD1500-USD6000

Packaging Details: Standard Export Sea-Worthy Packing

Delivery Time: 5-15days

Payment Terms: L/C, T/T, Western Union

Supply Ability: 15000Tons

Processing Service: Bending, Decoiling, Punching, Cutting

Rolling Width: 15m 20m

Keyword: Hot Rolled Stainless Steel Coil

Payment Term: 30%T/T Advance + 70% Balance

Processing: Cold Rolled/Hot Rolled

Our Product Customization Services include:

Customized sizes of 304 Stainless Steel Coil, 301 Stainless Steel Coil, 316 Stainless Steel Coil

Customized packaging options as per the client's requirement

Customized processing services like bending, decoiling, punching, and cutting

FAQ:

Q1. What is the Brand name of the Stainless Steel Sheet Coil product?

A1. The Brand name of the Stainless Steel Sheet Coil product is Sheng Quan.

Q2. What is the Model Number of the Stainless Steel Sheet Coil product?

A2. The Model Number of the Stainless Steel Sheet Coil product is 201/304/304L/316/316L/321/309/310.

Q3. What is the Place of Origin of the Stainless Steel Sheet Coil product?

A3. The Place of Origin of the Stainless Steel Sheet Coil product is China.

Q4. What is the Certification of the Stainless Steel Sheet Coil product?

A4. The Certification of the Stainless Steel Sheet Coil product is ISO9001:2000.

Q5. What is the Minimum Order Quantity and Price of the Stainless Steel Sheet Coil product?

A5. The Minimum Order Quantity of the Stainless Steel Sheet Coil product is 1 ton and the Price ranges from USD1500-USD6000 depending on the Model Number.

Q6. What are the Packaging Details and Delivery Time of the Stainless Steel Sheet Coil product?

A6. The Packaging Details of the Stainless Steel Sheet Coil product is Standard Export Sea-Worthy Packing and the Delivery Time is 5-15 days.

Q7. What are the Payment Terms and Supply Ability of the Stainless Steel Sheet Coil product?

A7. The Payment Terms of the Stainless Steel Sheet Coil product are L/C, T/T, and Western Union, and the Supply Ability is 15000 Tons.
